WILL I HAVE TO PAY A DEPOSIT FEE?

Sometimes our veterinarians will determine a pet that is being adopted needs to wait for surgery. In this case, the State of California requires us to collect a deposit at the time of adoption. If this is the case for a pet you adopt, you will be required to pay \$50 deposit for a dog, or a \$40 deposit for a cat or rabbit. Unless the veterinarian extends the time for surgery, this is required to be completed within 60 days. Once the surgery is completed, you will be able to submit a deposit refund request. Refunds take 4-6 weeks and are mailed to your home.

Animal ID: A123456

My name is Daisy and I'm an approximately 8 month old female germ shepherd. I am already spayed. **I have been at the Carson Animal Care Center since December 09, 2015.** I am available on December 12, 2015. You can visit me at my temporary home at A01.

Add 7 days to the date the dog arrived at the care center.
December 9 plus 7 days means the dog qualifies for the special on December 16th.

In Person:

View the dog in the care center.
Notice the “kennel card” a piece of paper on the kennel with an image of the dog you want to adopt.
It will look like the sample above.

Add 7 days to the date the dog arrived at the care center.
December 9 plus 7 days means the dog qualifies for the special on December 16th.
